View certificate

SKILLS

Graphic design: Logos and brand identity, social media graphics, banners, brochures

Video: Short-form editing, TikTok content, pacing for social platforms

Tools: Photoshop, Canva, Figma, CapCut, DaVinci Resolve

Also: UI/UX design, web and mobile development (JavaScript, React, Expo)

SUMMARY

Graphic designer and video editor creating short-form video, logos and marketing materials for technology and hospitality brands. A Software Engineering student, I also know how visuals work inside real interfaces.

EXPERIENCE

Creative & Content Contributor (flexible, on-call)
Cosmic Technologies PLC · 2024 – Present
- Edit and produce short-form video for TikTok and other platforms.
- Design marketing materials, including roll-up banners, brochures and Instagram posts for BekurGuide.
- Write content and record video that supports product communication for technology projects.

OurMoment · Brand & Interface Designer
Cosmic Technologies PLC · May 2026 – Present
- Designed the logo and brand for a personalized digital gifting platform.
- Designed the frontend and mobile experience, keeping visuals consistent from brand to screen.

Den Coffee · Brand Designer
Freelance · Aug 2024
- Created the brand identity for Den Coffee.

Ashu Geberew · UI/UX Designer
Cosmic Technologies PLC · Jan 2025 – Feb 2025
- Designed the interface and experience for a mobile app and its download website.

PORTFOLIO

Logos, banners, brochures and video edits at my portfolio.
Also built web and mobile products: Delala (delala-blush.vercel.app), ORG-360, OurMoment, GebetaRSM and BekurGuide.
