View certificate

SKILLS

Design: Interface design, prototyping, usability testing, responsive design, mobile app design

Tools: Figma, Photoshop, Canva, Framer

Development: JavaScript, TypeScript, React, Next.js, Vue.js, Expo (React Native), Tailwind CSS, GSAP

Also: Graphic design, video editing

SUMMARY

UI/UX designer with about two years of experience designing mobile and web products, from first screens to prototypes tested with users. As a Software Engineering student who also builds, I hand work over cleanly.

WORK EXPERIENCE

OurMoment · Frontend Designer & Mobile App Developer
Cosmic Technologies PLC · May 2026 – Present
- Designed the interface and experience of a gifting platform where people create and share personal moments.
- Carried the design from web to mobile and built the Expo (React Native) app.

ORG-360 · Web & Mobile App Designer and Developer
Cosmic Technologies PLC · Jan 2026 – Apr 2026
- Designed the interface for exploring shareable 360° virtual tours, with navigation that feels natural.
- Designed the companion mobile app for managing and presenting spaces.

Ashu Geberew · UI/UX Designer
Cosmic Technologies PLC · Jan 2025 – Feb 2025
- Designed a mobile app and its download website end to end, from interface to user experience.

Development work · GebetaRSM and BekurGuide
Cosmic Technologies PLC
- GebetaRSM: mobile developer, Aug 2026 – Present, live at gebeta.one.
- BekurGuide: web contributor, Mar 2025 – Aug 2026, live at bekurguide.com.
